I label this part 3 of the reading. Carol calls this part 2.  
Many corrections and edits remain to be done.

0:00 Hello Ron time to do part two of your  
0:04 reading and answer your questions  
0:06 sorry is taking a while but I think you  
0:09 understand that I am busy now the first  
0:13 question and the second part is about  
0:15 ET contact and you said you don't think  
0:19 that the positive ET's will arrive to  
0:21 save us as the cavalry did in  
0:23 western movies but you said you do  
0:26 expect the ETs to be occasional  
0:29 teachers and you said that we're here on  
0:33 our own to be our own saviors using  
0:37 intent, intuition and inspired action to  
0:41 win the war for control of the mind and  
0:43 you asked me do I agree well I do in  
0:47 part but not altogether because I feel  
0:51 when you say we are here to be our own  
0:54 saviors now we do get help from the  
0:59 positive you tease because they transmit  
1:03 telepathically they are motivators and there  
1:08 are certain people that they're very  
1:10 much in tune with. And and you're one of  
1:13 them and there's a lot of a lot of these  
1:16 people on Project Avalon form but it's  
1:21 all over the world and so these people  
1:24 when they listen when they understand  
1:26 what is happening and the thought sort  
1:28 of popping into their heads that they do  
1:31 something about it this really does help  
1:36 and this motivates people to go forward  
1:39 and to do things. Now I've recently been  
1:43 reading about companies and  
1:46 micro-chipping their employees and in  
1:49 winds constant it seems as if people  
1:53 were happy to have that done. Now you  
1:57 know obviously they're not in touch with  
1:59 the ET's because this is a really  
2:02 terrible thing and it's interesting you  
2:06 know because when you go to the Bible  
2:08 and they talk about the number of the  
2:11 beast  
2:12 and they say only those who have had the

2:14 mark will be saved. Now I'm wondering if  
2:18 that was talking about micro-chipping  
2:20 because those who are micro-chipped will  
2:24 just sort of be able to be programmed to  
2:27 be and to do whatever the programmers  
2:30 want but I think the positive beauties  
2:33 are trying to stop that or prevent that  
2:37 from happening by sending out thoughts  
2:40 sending out frequencies to the people  
2:44 who can receive them and act on them so  
2:47 I feel that that that is the way that  
2:50 they will work and you've asked if some  
2:54 of the ET visitors are multi-dimensional  
2:57 versions of ourselves who share a common  
2:59 soul. No, I don't. I really don't agree  
3:04 with that because I think they have  
3:07 their own souls and so the  
3:11 multi-dimensional beings that you told  
3:13 me about it being opposite polarity  
3:15 either positive or negative. Now I just  
3:19 do not see that they are versions of  
3:22 ourselves. They are positive or negative  
3:26 in their own right just as human beings  
3:28 are and then you ask is Anita meeting is [?]  
3:33 planned for you what purpose does it  
3:34 serve and they could certainly avoid a  
3:37 meeting if they so choose. So you asked  
3:41 me do I have any comments on that. Well the  
3:45 purpose is because you're curious,  
3:47 because you're somebody that they can  
3:49 meet with so they can really and pass on  
3:57 information and I think that you are  
4:01 important in this. Now one thing I have  
4:05 to say to you is it might not be that  
4:07 you are fully awake when this happens. It  
4:11 could be in your sleep time or you may  
4:15 be made to go into a dreamlike state  
4:20 where you may not remember that you've  
4:22 actually met the ET.  
4:25 But that somewhere when the time is  
4:28 right you will remember it and you're  
4:32 asking which ET's are you most likely  
4:35 to meet? Well you're going to be ... they're  
4:38 going to be positive ones because  
4:42 you have much more life left in you than  
4:45 you think and there are things that you  
4:48 need to do. And the way that you will do  
4:50 it is to put out your information as you  
4:54 were doing and on the forum and on your

4:57 website and so you are asking me if  
5:02 I got any advice for you if the physical  
5:04 meetings become manifest? And you said, so  
5:09 far your only meetings have been during  
5:11 meditation or during Dreamtime. Now this  
5:14 is something I've said to you that you  
5:17 may be put into a dreamlike state but I  
5:22 feel that you may be sat near the  
5:27 portal, one of the portals on your land  
5:30 and you will become aware of something.  
5:33 You may see a light, you may see an  
5:36 orb. You may just send something and I [?]  
5:41 think that you have to be relaxed and  
5:43 open and be prepared that you may be put  
5:48 into a dreamlike state. But if not then I  
5:53 think the most important thing is to  
5:56 become listen and answer if you're [?]  
6:00 questioned so I think it's going to be a  
6:03 friendly meeting. You are wondering, it is  
6:06 going to be an abductions experience a  
6:08 military abduction my love experience? No [?]  
6:12 it isn't. There's going to be a friendly  
6:14 meeting because they would not want to  
6:18 risk frightening you too much. So I  
6:23 honestly think that you are not going to  
6:26 be abducted you are going to have this  
6:31 experience because you want it, because  
6:36 you go out and you search the skies and  
6:39 you think about things so they know that  
6:43 they can come. They know that you really  
6:48 share your information. It is something  
6:50 that you like and that you will feel  
6:54 that this is a wondrous experience  
6:58 because it will be, I am really hoping  
7:01 that you, and I really feel actually that  
7:05 you will be aware that this meeting is  
7:08 taking place. But to put you in a  
7:11 dreamlike state really helps them to get  
7:16 into your mind in a very friendly way.  
7:20 You are not going to be abducted. There  
7:23 are certain people that they do want to  
7:25 take, and when you talk about abduction,  
7:28 take and show them things. They will not  
7:32 do that with you but there will be  
7:35 others that they will do it with. So this  
7:39 is very important, it's this will happen  
7:43 when perhaps you're not expecting it. You  
7:46 may have gone out, had a glass of wine  
7:48 satiny of the portals and waited and [?]

7:52 waited quite a number of times. But one  
7:55 time it will happen and I actually think  
7:59 it will happen when there is a large  
8:03 moon and you will not be sure that  
8:07 perhaps you're seeing the light at first  
8:09 but then it will become clear and it  
8:12 will grow and that is when you, as it  
8:15 starts changing, you will go into, well we  
8:20 can call it a trance. But you will still  
8:22 be aware of what is happening and you  
8:27 will not be afraid because this is  
8:31 something that they are very  
8:33 apprehensive of that. So I I feel that  
8:39 the important thing for you to do is to  
8:43 learn and listen and then share.  
8:48 I know you prefer not to be in the  
8:52 spotlight but I think that as you said,  
8:56 you prefer to remain in the background  
8:58 and not be a leader or a follower, well  
9:01 that's okay but you looked at the [?]  
9:04 written word and I think that you do  
9:07 have to share your knowledge and your  
9:09 experience and I think that this is  
9:13 partially what your soul has been  
9:17 waiting for because you will have  
9:20 further lifetimes but not too many more.  
9:23 You have had other lifetimes and I think  
9:27 that you will start to understand and  
9:31 the sort of thoughts about sound and to [?]  
9:42 be to understand what it's like to be  
9:46 separate from all that is and to be  
9:50 individualized. And it will be very  
9:54 interesting because they are going to  
9:57 see you because this is what's going to  
9:59 happen to you. You are going to be highly  
10:03 evolved human being. May not be in this  
10:08 lifetime but you will be in the next and  
10:13 you may find out by this meeting that  
10:18 you were brought back to earth from the  
10:22 stars. It's interesting trying to explain.  
10:28 It is not easy but you need to  
10:31 open up and you need to accept that  
10:34 there are no limitations and without  
10:37 those limitations you can go on beyond  
10:41 time and space and you can understand  
10:45 the mystery of all there is to know. It  
10:49 would be too much to take in in this  
10:51 lifetime but you'll be can begin to  
10:54 understand that and you will be getting

10:57 information about a future time  
11:00 and this will just be the start so I  
11:08 think it's very important for you to  
11:12 understand this and to enjoy it because  
11:16 I feel that it will make you feel good.  
11:22 It will make you feel special and  
11:26 although you don't want to be a person  
11:29 who would give talks, maybe you will  
11:31 connect with somebody who does and  
11:34 really help them now you must. The next  
11:40 questions are about manipulation and  
11:43 soul contracts. You're asking if  
11:46 manipulation can occur at a soul level or  
11:48 oversoul level. At soul level is not  
11:52 possible because that was determined  
11:57 when the solar system was formed. And I  
12:03 think that that is the truth.  
12:06 You cannot be manipulated but so then  
12:09 because remember soul level connects  
12:13 with all that you have ever been and all  
12:17 you ever will be in all your many lives.  
12:20 Now there's a lot of talk about soul  
12:23 agreements required for significant  
12:25 events and I honestly feel that because  
12:31 the soul understands and the source we  
12:34 the Creator understands this that they  
12:39 didn't want to limit the personality or  
12:43 make them abide by an agreement of a  
12:46 contract before they're born. I know a  
12:50 lot of people think that this is true  
12:53 but this is is not the case that the  
13:00 Creator did not want to limit the human  
13:06 experience by having a contract before  
13:10 you came into being  
13:12 and so I feel that there will be no  
13:17 disagreement. I don't think that there  
13:20 are agreements in the first place  
13:22 because this certainly on this planet it  
13:28 is an experience and it is an experiment.  
13:35 And if you stopped the free will, you can  
13:42 get guidance but if you stop the  
13:45 free will by mapping things out first  
13:49 there would be no point. So that's what  
13:55 I've been told by my guide, that  
13:59 there are no things are soul agreements.  
14:02 This has been a human invention. It is an  
14:08 interesting thing, you said that you suspect  
14:10 in the future and in a distant galaxy  
14:13 not too far away and the blaze will be [?]

14:17 having a big laugh at the experience  
14:19 here. I don't agree with that. I know you  
14:24 want you say it's like a military boot  
14:27 camp but i don't think so. It really it is  
14:35 a place for being conscious and for  
14:42 being able to be unlimited to be honest  
14:48 and that is why various organizations  
14:52 like miller have been trying to [?]  
14:54 mind-control people because they don't  
14:58 want them to be unlimited. They don't  
15:00 want them to understand that they are  
15:04 conscious beings who have the freedom to  
15:08 experience every aspect of this world  
15:11 which is beautiful.  
15:13 Now you then talk about the meditation  
15:17 group during the 1990s and you set this [?]  
15:24 groups and healing and  
15:25 to those in need a planetary cleansing  
15:29 meditation. Now I listened to that and I  
15:33 think it is beautiful. I think that  
15:36 vibration and the frequency is right and  
15:39 I could be quite honest I wondered  
15:43 whether you should start doing this  
15:45 again. Listening to your voice was very  
15:48 soothing and I could tell that you were  
15:52 feeling everything that you were saying.  
15:55 I just think that it is a shame that  
15:59 you might not be doing that anymore.  
16:02 But if you can, I would start it up  
16:06 because I think that people would love  
16:09 to come together and do these things and  
16:12 especially if you could do the  
16:16 meditations in when, and when it was  
16:19 really nice weather, then if you could do  
16:22 the meditations near the portals this  
16:25 would be good because this would enhance  
16:27 the energy that you would be sending out.  
16:29 And I I really feel that the earth is in  
16:35 need of this planetary cleansing at this  
16:39 time so I would see if you could start  
16:42 this again.  
16:44 No, implant removal, I don't have any advice  
16:48 about detecting any and removing  
16:51 implants. And yeah, you asked about  
16:55 the implant which is located between  
16:58 your shoulder blades. It's not designed  
17:00 for a negative purpose. It was all about  
17:05 gathering information. Your lifetime  
17:09 seems like a long lifetime as all of our

17:12 lifetimes do until we get older and then  
17:15 we say well where did the years go? But  
17:18 they need to know how the human body and  
17:25 how the human mind and the spirit  
17:28 actually work together and this implant  
17:32 is a biological implant. If an xray  
17:36 was taken  
17:38 it would not show so much, if anything. But if [?]  
17:41 it did, it would just show as a little  
17:44 tiny anomaly and nothing to worry  
17:48 about. It wouldn't be easy to remove. I  
17:53 don't think that will be removed. When  
17:56 the process that they want is done then  
18:00 it will fade away, it will desolve. So  
18:05 they're not going to manipulate you.  
18:07 They're not going to do anything like  
18:10 that, so I wouldn't worry about it. It is  
18:15 all about gathering the information of  
18:18 how the human being actually interacts  
18:23 with its mind its body and its own so [?]  
18:28 Now you talked about understanding  
18:31 creating and playing the game, and yes, I [?]  
18:36 would be helpful to understand the  
18:39 hierarchy and the tactics used by  
18:41 negativie ETs, the archons, the agenda and  
18:45 AI. And yes, it is a multi-dimensional  
18:51 chess game for consciousness. as it it [?]  
18:55 would be good if we could always know  
18:57 the opposition and the chain of command  
18:59 but it's not always easy because they're  
19:04 very crafty. They change things. They  
19:07 change perceptions and I know that you  
19:12 know, it would be good that you don't  
19:14 feed the dark side with the fear or  
19:16 anxiety but it is this is really not [?]  
19:23 anything to do with knowing or  
19:25 understanding the goals. We I think we [?]  
19:28 understand the goals of the tactics  
19:32 because they sort of meet they want to [?]  
19:36 harvest us, harvest the energy. But I  
19:40 think that at the top of the list there  
19:46 are the Orions, the negative alliance,  
19:50 the archons are very close virgin [?].  
19:53 They like to play games they really do  
19:57 and they're the ones who are sort of  
20:01 pushing forward the development  
20:06 of artificial intelligence because it  
20:11 puts fear into people and I do think  
20:16 that maintaining your positive vibration

20:20 and frequency I think that that is the  
20:24 much better way of dealing with things  
20:28 because we know what they want. We know  
20:33 what they're after and we just, if we are  
20:38 sensible, we do not let them have what  
20:41 they are looking for. Sometimes they can  
20:46 appear and change shape. Yeah, I think you  
20:51 perhaps know that but what you have to  
20:54 remember is not all ETS are the same  
20:59 sizes us. Some may be very very tiny and  
21:04 they may be there and we cannot see them.  
21:08 Some take the shapes of human beings.  
21:12 Some are, you know I think in the ancient  
21:16 days they were they're talking about  
21:18 fairies and giants. And I think that  
21:21 these were, you know turned into fairy  
21:24 tales. But I do think that they existed.  
21:27 And I think that they exist today and  
21:31 the Giants would be a bit more difficult  
21:34 but they know how to change the  
21:37 wavelength so that they can be invisible.  
21:40 Sometimes you know we get a very great  
21:43 sense of fear and that could be one of  
21:46 the gigantic ET's. But what is known as  
21:51 fairies or seeing little lights or even  
21:53 walks can be a tease because they're not  
21:59 always the same size as oats and [?]  
22:01 actually  
22:03 might be very small compared to them.  
22:06 It's something that human beings don't  
22:08 think about so I think it's very very  
22:14 important that we keep a perspective and  
22:17 keep the balance. I know it's not easy  
22:20 but to forever think that actually we  
22:26 have all been chosen to be here, to  
22:29 experience the joy of being. And yes  
22:33 you're right the balance point is  
22:35 different for everyone  
22:37 and yet we are all linked together. There  
22:42 are some people who can tap into  
22:45 knowledge accidentally and not  
22:49 understand what it is that is happening  
22:52 because you know there's a great deal  
22:55 talked about power sources and I mean we  
22:59 talk about electricity coming from  
23:01 fossil fuels and nuclear reactors and  
23:04 solar power but you know there is a  
23:08 power source that was within this earth.  
23:12 Remember that well before any life on

23:16 this planet this planet was absorbing  
23:20 the light of the Sun and the heat of the  
23:23 Sun and so in its center it is still  
23:26 holding that and so I you know people  
23:30 need to think in a different way because  
23:34 the source of power source is the earth  
23:41 itself because also the earth is alive.  
23:44 It is a living thing and this is  
23:47 something that people do not understand.  
23:52 Now you talk about the law of attraction  
23:55 and you said as soon as one hasn't [?]  
23:59 experienced a thought that doesn't feel  
24:01 good you know what does feel good and  
24:06 this again is is right this has been  
24:10 something that human beings were given [?]  
24:15 And I can understand that you do want to  
24:17 put your energy wherever it does most  
24:20 good. And your energy would be good to  
24:25 actually and share this energy by [?]  
24:31 gathering certain people around you and  
24:34 doing the very powerful meditations that  
24:40 you used to do. And I think that you  
24:44 really, first and foremost, need to put  
24:48 your energy into healing and protecting  
24:52 this world because the electromagnetic  
24:56 field of this world which protects the  
25:00 earth is weakening. And so we need to put  
25:05 back that strength and I think that this  
25:08 is one of the things that the good  
25:12 ET's hope that you will do. And they will  
25:15 give you ideas and thoughts to know how  
25:20 to actually do this now is it [?]  
25:25 you said if you assume we have a  
25:27 non-physical support team. Yes you do  
25:30 because the thought the support is [?]  
25:35 actually to make you know not just  
25:40 believe that you are connected with the  
25:46 universe. And so by understanding that  
25:50 nothing is impossible you just have to  
25:54 think in a different way  
25:56 and you said you're wondering what your  
25:59 higher self will be doing, and it isn't  
26:04 sitting under campfire with other higher  
26:07 selves it no it is working with you and  
26:11 you will be reaching your higher self  
26:14 and you will understand you see you're  
26:17 still thinking like a three-dimensional  
26:20 human being and once you can break  
26:24 through that barrier then

26:29 everything will become possible. Nobody  
26:33 or nothing, no ETS or non-physical  
26:38 support team, nobody is laughing at you.  
26:42 They are taking you one step at a time  
26:44 and you are here for a purpose. There are  
26:49 things in your past life that you did  
26:51 that were really good and some things  
26:53 that were perhaps not quite as good but  
26:56 in this lifetime you bring joy to people  
27:01 and that is a powerful thing. You also  
27:05 bring information to people. You have a  
27:10 good face which shows that it can break  
27:14 into a smile and how many people on this  
27:17 earth smile these days I just don't do  
27:21 it anymore.  
27:22 So I think that you have this very  
27:26 specific purpose and because you're  
27:30 always thinking about things you want  
27:32 still alert to many things you were [?]  
27:34 learning with every day and you should  
27:37 be waking up each morning knowing that  
27:41 the day is going to hold something  
27:44 special for you because you being here  
27:48 on this planet is special. And the same  
27:52 does apply to some other people. So it's  
27:57 just seeing things in a different way  
27:59 and forgetting that you're a  
28:02 three-dimensional being not easy not  
28:05 easy I know until you've had that  
28:07 experience of being limitless. Now the  
28:11 next question you've sent me is the  
28:15 chair. You sent me a picture of a  
28:19 chair in your front yard and you said is  
28:22 it inside the Stargate? No you need to be  
28:25 beyond that tree that is in front of you  
28:28 because you are ... that is blocking it so  
28:32 you need to be inside that so you need [?]  
28:34 to be further away. And you said you have  
28:36 two more locations in mind. [stopped edits here]  
28:38 and you said it's ringly felt like a  
28:43 good idea to sit in the chair and repeat  
28:46 some of your favorite affirmations and  
28:50 yes I love those affirmations and the  
28:55 way you are showing your gratefulness  
28:58 that and you said that you're an  
29:00 extension of the source energy and the  
29:04 prime creator's never-ending journey of  
29:07 creation and self-discovery you also  
29:11 give thanks that the power in the

29:13 creates world flows through you and you  
29:17 ask for that energy with wisdom and love  
29:20 so you are very much connecting with the  
29:23 universe and then you ask that your body  
29:27 is restored to its naturally healthy and  
29:29 youthful configuration that will happen it  
29:34 may not happen in this lifetime but the  
29:37 next lifetime it will be restored and  
29:40 you said that you support freedom  
29:44 well-being joy and love and certainly  
29:47 truth for all who wanted and I think  
29:50 that that is a wonderful thing for you  
29:55 to actually say because those are things  
29:59 that I will use myself because I feel  
30:02 that they are truly inspirational and  
30:06 that you do connect really energy that  
30:10 is the source that is the universe and  
30:14 so I also think that you have to say  
30:19 that your life is full of abundance and  
30:22 that you will have happiness and joy now  
30:27 you then say that you said you sent the  
30:31 message out to your non-physical support  
30:35 team and you said come and visit and  
30:38 chat with you you said outside your home  
30:43 during daylight is a good place to start  
30:45 you don't want nocturnal visitations and  
30:48 yet it would be so much easier for them  
30:52 and you ask of you if their personality  
30:55 is similar to yours when you were a  
30:56 young man they might be tempted to  
30:59 suddenly show up and shout boo I don't  
31:02 think they're going to do that I don't  
31:04 think so I love your sense of fun it is  
31:07 it is good but these are beings for the  
31:12 plasma beings some are what they call  
31:16 Archangels and you will certainly be  
31:21 connected with the voice of an archangel  
31:24 and you once you understand who and what  
31:30 it is then also there will be  
31:33 communication now you ask about the  
31:39 light trap and you ask if do I have an  
31:44 opinion or a favorite information source  
31:47 that explains how to avoid the light  
31:51 trap well you know I think that this was  
31:56 something that was put out by those  
32:01 beings negative et's to make people  
32:07 think that every time you come to a  
32:10 near-death experience or that you die  
32:12 that you head towards the light now the

32:17 light it's interesting this you know  
32:21 i-i've forever here but there people are  
32:27 light workers working towards the light  
32:29 they say light and blessings and you  
32:32 know light actually is just encoded  
32:38 energy and it is what we can't see that  
32:44 is more important than what we can see  
32:47 and so I think this light trap was  
32:54 really invented if you like to make  
32:56 people think that they will see a light  
33:00 a tunnel of light when they aren't near  
33:02 death and that they will go through it  
33:05 in  
33:05 into a beautiful world where family  
33:10 members will be waiting for them does  
33:13 that not sound like the birth process  
33:16 when you start coming down the birth  
33:19 channel and there is light and there are  
33:23 your family members waiting for you and  
33:27 this trapped you into reincarnating  
33:31 whether you want to or not not everybody  
33:34 wants to keep coming back but I think  
33:37 it's those people who understand it who  
33:40 understand that it is a trap and it does  
33:44 make you come back but I mean I've had a  
33:48 near-death experience before I had a  
33:50 pacemaker visit and it happened very  
33:54 suddenly I was in bed and I think I was  
33:59 sort of near to sleep but all of a  
34:02 sudden I'm saying to be floating in the  
34:05 air I looked down I could see my body  
34:08 and there was a silver thread that part  
34:10 is right and I felt such peace and I was  
34:14 swaying and it was wonderful I didn't  
34:16 see any light I didn't see anything I  
34:20 was just aware of this blissful feeling  
34:22 and then a voice said to me you must go  
34:25 back because it's not your time and I  
34:28 love thinking no I'm enjoying this  
34:31 and the voice boomed and said you must  
34:36 and suddenly back I went to clear myself  
34:40 going back in my body and I well I was  
34:45 awake but I became more conscious of  
34:48 what had happened I felt a bit afraid I  
34:51 must admit but I didn't see any light  
34:54 because I knew I wasn't finished in this  
34:58 lifetime because I've had this was in  
35:02 1987 so it was quite a long time ago  
35:06 that this happened so it's been an

35:10 interesting sort of thing when I am  
35:14 encountered so many people throughout my  
35:17 life who talk about  
35:19 heading towards the light working  
35:22 towards the light and it is really a  
35:26 manipulation either negative ETS because  
35:32 it makes human beings perhaps less  
35:37 afraid when the end is coming because  
35:42 they and in a way when the energy when  
35:48 the matter turns into energy they hope  
35:52 that it will they will be able to grasp  
35:56 some of it before it manifests again in  
36:00 the birth I mean I might not have  
36:04 explained that very well but it relaxes  
36:07 people so that they can go into the  
36:10 birth and experience and they can sort  
36:17 of grasp the fear of death the energy  
36:20 from that now cells and other cells and  
36:26 you said that you found on almost all  
36:31 activity within a fictional work  
36:33 education of over self and I've never  
36:36 heard of this but I just had a quick  
36:39 look at it on Amazon and it really does  
36:43 look like a fun read and I think that  
36:46 that would be really really helpful so I  
36:49 might sense of that but you know I've  
36:52 already said you that I don't think  
36:54 manipulation can occur at so level or  
36:58 over some level because it just isn't in  
37:02 the scheme of things it wasn't in the  
37:05 blueprint that they creator really you  
37:10 know wanted for the human beings because  
37:14 it wants to know how human beings will  
37:19 interact with everything and certainly  
37:22 with the planet that it lives on and the  
37:25 same goes for other beings on other  
37:28 planets too so it's really quite an  
37:33 thing and when you stop and think about  
37:35 it it's it's quite logical because I  
37:40 think that this perhaps this universe  
37:43 may have been the blueprint the very  
37:46 first blueprint for other copies of this  
37:51 universe and then things you know may be  
37:54 allowed to alter but it's strange  
37:59 because I think the creator wanted free  
38:03 will I know that certain things are  
38:06 destined but you still have choices and  
38:12 those choices will always lead you to a  
38:15 destiny but how you get there is could

38:19 be fun or it could be completely  
38:22 miserable now you know you talked about  
38:26 that loud booming voice he said years  
38:30 ago you you had a loud booming voice  
38:33 saying who's in charge here and you said  
38:37 I am sir and you wondered it if she soul  
38:40 or something else talking to you now I  
38:43 think it was one of the Archangels  
38:46 and probably am trying to make you think  
38:52 about the things that you needed to find  
38:59 out or to do now having clear  
39:03 communication with yourselves is a good  
39:07 thing because it is constantly feeding  
39:10 things to you and it will feed you  
39:13 memories of past lives and actually  
39:16 future lives and you you did ask merely  
39:20 a did your soul wanted want it direct  
39:23 clear conscious communication with you  
39:26 and I think in in some ways that when  
39:36 the time is right it is sometimes having  
39:40 that clear direct communication and it  
39:44 could be mind blowing  
39:46 and so I think that your soul is very  
39:51 very careful with how it connects with  
39:56 you so that it doesn't give you too much  
39:59 at you know one time and you know it is  
40:06 to go back now to the light tunnel trap  
40:08 and and it says that the light tunnel  
40:12 leads to memory and Sun parks and others  
40:15 a talk it said it leads to memory  
40:18 erasure and manipulation well of course  
40:20 it does because it brings you you you  
40:23 you back and and so I've discussed that  
40:27 and I think that if the truth is now we  
40:33 don't have to see the light tunnel we  
40:36 don't have to see that because that was  
40:40 an idea which was put into the heads of  
40:45 human beings by those who ran religious  
40:48 faith and those who like to have the  
40:53 power so I think that you needn't sort  
40:57 of worry about that now you did ask  
41:00 about are there any learning experiences  
41:03 your soul once but you avoid I think I  
41:07 might've said that to you and maybe sort  
41:12 of sometimes knowing that you have more  
41:18 power within you than you realize  
41:19 because a little I think you're a sort  
41:23 of quite an outgoing man a man who likes  
41:27 people and man who observes people I

41:31 just feel that you don't realize what  
41:38 you hope and certainly when I was  
41:41 listening to your voice which was on the  
41:45 the audio track that you said about the  
41:49 medication there's something in your  
41:52 voice wrong which is almost hypnotic  
41:57 it is singing it is calming and I feel  
42:03 certain that if i sat with you  
42:05 face-to-face I really feel that you  
42:11 would have a big impact on me but you  
42:16 are somebody because of your awareness  
42:18 you can send out your thoughts  
42:21 telepathically you can do remote viewing  
42:24 you may not realize that you can but you  
42:27 can and maybe it's something you need to  
42:29 practice you send out healing and it  
42:33 works not only time does it work and  
42:36 sometimes it doesn't work for long  
42:38 enough but to make people feel better  
42:43 enough so that they can sort of perhaps  
42:46 start to heal themselves sometimes  
42:49 that's all that's necessary you should  
42:53 do healing work but I think your best  
42:58 healing is with the sound of your voice  
43:03 because there is something very very  
43:07 special about that and I'm not just  
43:12 saying it it is true and I feel that you  
43:17 know you are somebody who has such  
43:23 special gifts but you you so plot along  
43:28 thinking you're just a person who you  
43:31 know had a good life in the Marines and  
43:33 the done thing as a men awakened  
43:35 you're not seeing yourself as a cosmic  
43:39 being and I think that you really need  
43:44 to understand that and once you  
43:47 understand that I think that is when you  
43:52 will get clarity from your soul it would  
43:57 be like impulses coming down these  
43:59 threads and I really feel that you will  
44:04 you do communicate with your soul Lonnie  
44:07 listens and it knows anytime  
44:10 but you cannot take everything at this  
44:13 time in your current state as a  
44:16 three-dimensional being to be able to  
44:23 absorb what it wants to give you so I'm  
44:30 really hoping that this will help you  
44:34 none but this will answer your questions  
44:37 and maybe some thing as you feel I have  
44:41 not answered and you know I was looking

44:45 at the photograph of your land and you  
44:51 know what I feel actually that although  
44:55 the building that your son lives it is  
44:59 not that close to your building and your  
45:04 home but I feel he might have an energy  
45:08 which is not exactly negative but it can  
45:13 be limiting and because I don't think  
45:18 he's as spiritual as you and so I do  
45:24 wonder whether that's perhaps been the  
45:26 case why you haven't as yet had the  
45:31 experience that you truly should have  
45:36 now you are somebody who is very aware  
45:45 and somebody who has these skills that I  
45:51 think you truly have to share with other  
45:56 people you know that you can sense your  
46:01 dog surrounding and those who have meant  
46:03 something to you and you know what  
46:07 you're doing is you're tapping into  
46:10 another dimension because nobody ever  
46:14 does nobody ever dies the change from  
46:19 matter to energy and then become  
46:23 energy beings but their thought  
46:27 processes and their vibrations and  
46:30 frequencies and saying and that is why  
46:32 you can connect so I'm just hoping I've  
46:40 been able to explain things properly and  
46:43 I hope that I haven't missed anything  
46:47 out one thing I think that you need to  
46:50 be a bit more aware of cut circles I  
46:54 don't know if you have them as at all  
46:56 you will have them in your country and  
46:58 it could be that the it could be sugar  
47:00 cane could be wheat or but I think that  
47:04 you need to learn to read the signs  
47:07 because somehow I think you will  
47:10 understand the message that is being  
47:13 given so long I hope you're well I hope  
47:17 you're having fun and I hope that you  
47:21 will understand what I've been trying to  
47:23 say to you through this reading it's  
47:27 been strange and very enjoyable as the  
47:33 contact with you always is because you  
47:38 make me feel happy and I think that you  
47:40 will make other people feel happy and I  
47:43 love the fact that you were so curious  
47:46 about everything so take care now and  
47:52 enjoy yourself  
47:54 bye bye now
